

German Shepherd 30

JUNIOR
< 15 months

Targeted digestive security

Ensures maximum digestive security which meets the needs of the German Shepherd puppy's sensitive digestion, thanks to a selection of highly digestible proteins (L.I.P.), concentrated energy, and Acti-Flora complex (probiotics and Psyllium) adapted to avoid overloading the stomach.

▼ Osteo-articular support

Ensures harmonious growth of the skeleton and of its mineralization. Helps support the joints.

▼ Sensitive skin (pH>7)

Supports the skin's "barrier" role and maintains the natural beauty of the German Shepherd puppy's coat.

▼ Strong natural defences

Helps support the young puppy's natural defences.

Exclusive kibble

available in
3kg and 12kg
